"Dark Dreamweaver" Fans Rejoice: Sequel to be Released

BALTIMORE: After the accolades showered on Nick Ruth's debut Young Adult fantasy novel, **The Dark Dreamweaver**—

- Finalist for Publishers Marketing Association's Benjamin Franklin Award.
- American Booksellers Association Book Sense Children's Pick
- Independent Publisher Online Highlighted Title
- Positive reviews in Midwest Book Review, Heartland Reviews, and elsewhere
- A partnership with the Michoacan Reforestation Fund that has funded the planting of hundreds of new trees in monarch butterfly wintering grounds

—Ruth's fans have been clamoring for the promised sequel.

The wait is over. **The Breezes of Inspire**, Book 2 in Ruth's series, **The Remin Chronicles**, will be published in September, 2005 by Imaginator Press.

Like **The Dark Dreamweaver**, which has a major theme involving the lifecycles of monarch butterflies, **The Breezes of Inspire** blends environmental science with magic and fantasy. Book 2 slowly reveals the workings of one of nature's most miraculous processes: symbiosis (life forms that cannot exist without each other).

The Breezes of Inspire (Book 2 of The Remin Chronicles), ISBN 0974560332
